San Domenico Middle School **8th Grade High School Placement**

Eighth Grade Activity Survey

This form is an opportunity for students to familiarize San Domenico teachers with the many out-of-school activities and interests that they may be involved in and that high schools may profit from knowing about. We ask that you help your eighth grader reflect on activities s/he may have been involved in during their Middle School years. Brainstorm with your child, and then describe special talents, interests, or significant accomplishments in the spaces below. Descriptions should briefly summarize the level of involvement.

Keep in mind that this information serves as a reference to those teachers writing recommendations. The following list is a general guide to help organize information. Crafting a response to each category is not necessary or expected.

Name of Student:

_____

- **Academics**
- **Athletics**
- **Activities**
- **Awards/ Recognitions**
- **Community Service**
- **Religious/ Spiritual**
- **Other**
- **Please return this form to the MS Office no later than October 27**
